Subject: Review of Responses to Harris Letter

Jim, Shawn, Sam -

Attached for your review are draft responses to questions from Congressman Harris on ORD's hydraulic fracturing study. The Harris letter is also attached.

You may wish to focus on questions #13-16, and #14 in particular, which involve the case studies conducted in your Region. ORD staff have worked with R3, R6 and R8 staff in developing these responses.

Due to the push from OCIR to finalize these responses, it would be most helpful if you would let me know if you have any comments or concerns by COB today if possible.

Thanks,
Fred
